**Resolution No. 20
of 24 May 2016
of the Ordinary General Meeting of Shareholders
of CD PROJEKT S.A., headquartered in Warsaw
concerning institution of the Incentive Program**

I. INCENTIVE PROGRAM

§ 1

1. An incentive program (hereafter referred to as the Incentive Program) is hereby instituted for the benefit of people viewed as critical to the Company and other members of its Capital Group.
2. The Incentive Program will be implemented over the course of 6 (six) fiscal years covering the 2016-2021 period.
3. The aim of the Program is to create optimal conditions for continued improvements in the Company's financial result and market capitalization by forging long-term bonds between the Company and the people to whom the Incentive Program applies (hereafter referred to as the Entitled Parties).

§ 2

1. The Incentive Program will be implemented either via issue and assignment of Subscription Warrants incorporating the right to acquire Company shares issued separately as a conditional increase in the Company share capital with exclusion of pre-emption rights for existing shareholders, or by enabling Entitled Parties to acquire Company shares (hereafter referred to as Own Shares) which will have been purchased by the Company by way of a share buyback program instituted for the purpose of enabling Entitled Parties to acquire Company shares. In order to become eligible to claim Subscription Warrants or Own Shares, the Entitled Parties are required to fulfill certain goals and criteria to be determined on the basis of this resolution. As an alternative to acquisition of Company shares issued as a conditional increase in the Company share capital with exclusion of pre-emption rights for existing shareholders through exercise of rights incorporated by Subscription Warrants, the Incentive Program also permits holders of Subscription

Warrants to acquire Company Shares which will have previously been purchased by the Company for the purpose of redemption.

2. The decision on how the rights afforded under the Incentive Program should be exercised by the Entitled Parties will be undertaken by the Management Board in the form of a resolution. Where such decisions apply to members of the Management Board, the corresponding resolution will be issued by the Supervisory Board along with a report confirming attainment of the Incentive Program goals.

II. ISSUE OF SERIES B SUBSCRIPTION WARRANTS INCORPORATING THE RIGHT TO ACQUIRE SERIES M SHARES

§ 3

1. Under the Incentive Program the Entitled Parties may be invited to claim Subscription Warrants incorporating the right to acquire Series M shares.
2. Subscription Warrants will be offered to Entitled Parties in quantities determined by the relevant Management Board and Supervisory Board resolutions, following confirmation of the attainment of Incentive Program goals, as specified in a separate Terms and Conditions document.
3. Should the Incentive Program be implemented by way of issuance of Subscription Warrants, the right to claim such Warrants shall appertain to not more than 149 (one hundred and forty-nine) persons.

III. BUYBACK OF OWN SHARES

§ 4

1. Should the Management Board of the Company elect to implement the Incentive Program by enabling Entitled Parties to claim Own Shares, the Management Board shall apply to the General Meeting for approval of a share buyback program under the conditions set forth in Art. 362 §1 item 2 of the Commercial Company Code.
2. Own Shares purchased in accordance with the terms listed in section 1 (see above) will be offered for resale to Entitled Parties at the per-share price equivalent to the average closing price of Company Shares over a period of 90 session days preceding the publication of this draft resolution, i.e. 27 April 2016, discounted by 5%. Accordingly, the buyback price offered to Entitled Parties is set at [___] PLN.

IV. IMPLEMENTATION OF THE PROGRAM

§ 5

1. The right to acquire Subscription Warrants or Own Shares shall appertain to persons regarded as critical to the Company and to other members of its Capital Group, as specified by the Management Board of the Company. With regard to members of the Management Board, this determination will be made by the Supervisory Board. Both procedures will be performed in accordance with a separate Terms and Conditions document conforming to this resolution, as well as with further decisions of the Management Board and Supervisory Board based on said Terms and Conditions document.
2. The offer to claim Subscription Warrants or acquire Own Shares will be submitted to Entitled Parties following attainment of eligibility criteria detailed in the Terms and Conditions document.

3. The Management Board is permitted to present the Entitled Parties with an offer to resell Series B Subscription Warrants acquired under the Incentive Program to the Company for redemption, either in part or in full (this offer is hereafter referred to as the Offer). Should the Management Board elect to do so, the purchase price for Series B Subscription Warrants included in the Offer will be calculated as the difference between the closing price of CD PROJEKT S.A. shares on the Warsaw Stock Exchange on the day preceding the issuance of the Offer and the issue price of Series M shares which the Entitled Party would have been eligible to acquire through exercise of rights incorporated by Subscription Warrants. Any Entitled Party wishing to take advantage of the Offer must submit to the Company, together with a filled-out warrant claim form, an irrevocable statement declaring their acceptance of the Offer as detailed in the Terms and Conditions document.

§ 6

1. The Management Board of the Company is hereby authorized to enact, with approval by the Supervisory Board, a set of specific terms and conditions (hereafter referred to as the Terms and Conditions document) detailing implementation of the Incentive Program. All provisions contained in the Terms and Conditions document must conform to this resolution.
2. As a minimum, the Terms and Conditions document must acknowledge the Subscription Warrant assignment criteria specified below. Additionally, the Terms and Conditions document shall specify the breakdown of assignable and redeemable Subscription Warrants or acquirable Own Shares with respect to the goals of the Motivation Program – specifically, not more than 20% of all Subscription Warrants or Own Shares shall be assigned on the basis of attainment of the Market Goal defined in Item (i) below, and not more than 80% of all Subscription Warrants or Own Shares will be assigned on the basis of attainment of the Result Goal defined in Items (ii) and (iii) below. The applicable assignment criteria are conditioned upon meeting the following goals:
 - i. with regard to all Entitled Parties – attainment of the Market Goal which stipulates that the price of CD PROJEKT S.A. shares on the Warsaw Stock Exchange must change in such a way that the percentage change in the CD PROJEKT S.A. share price, calculated on the basis of the closing price on the Result Goal assessment date (see below) which is set as the final session day of each year covered by the Incentive Program, and the closing price on 30 December 2015, must outperform the corresponding change in the WIG index by at least 100%. With respect to periods ending on 31 December 2016, 31 December 2017, 31 December 2018, 31 December 2019 and 31 December 2020, assessment of the attainment of the Market Goal will follow confirmation of the attainment of the Result Goal as specified below. Should the Market Goal remain unmet on any of the above mentioned dates, final assessment shall be performed on the last session day of 2021. In this instance, should the Market Goal, defined as the relation between the change in CD PROJEKT S.A. share price throughout the period covered by the Incentive program (i.e. until 31 December 2021) and the corresponding change in the WIG index, be met to within 80-100%, each percentage point reflecting unrealized goals will result in a 2% decrease in the number of Subscription Warrants or Own Shares offered to Entitled Parties, compared

with the number of Subscription Warrants or Own Shares which corresponds to full attainment of the Market Goal. Should the Market Goal be met to within less than 80% over the full period covered by the Incentive Program, it shall be deemed unmet.

- ii. with regard to Entitled Parties with influence on the results of the entire Capital Group in all of its activity segments – attainment of the Result Goal which is defined as a minimum level of consolidated Capital Group earnings per share from continuing operations calculated over three separate assessment periods:
 - a) for 2016-2019: not less than 6.513 PLN,
 - b) for 2016-2020: not less than 9.010 PLN,
 - c) for 2016-2021: not less than 11.508 PLN.

Management Board justification concerning Resolution no. 20:

The primary goal of the Incentive Program is to incentivize key employees and other persons regarded as having major influence on the results and growth prospects of the Company and its Capital Group. In the Management Board's opinion, the Incentive Program will help strengthen the bonds between such persons and the Company together with its subsidiaries, which should result in greater commitment to the success of these entities.

Empowering the Management Board to select the specific means of implementing the Incentive Program will help align the implementation mechanism with the Company's future financial standing and market conditions.

This amendment will become legally binding on the date of registration of the amended Company Articles by the appropriate court of registration.

Management Board justification concerning resolution no. 21:

In order to facilitate implementation of the Incentive Program described in resolution no. 20 of the Ordinary General Meeting of 24 May 2016 concerning institution of the Incentive Program, the Management Board recommends that the General Meeting adopt a separate resolution concerning issue of subscription warrants which can be claimed free of charge by the Entitled Parties with exclusion of pre-emption rights for existing shareholders, along with the corresponding conditional increase in the Company share capital.

The conditional increase in the Company Share capital is required in order to enable holders of Series B Subscription Warrants to claim Series M shares. Series B Subscription Warrants will be issued in the course of implementation of the Incentive Program approved by the General Meeting.

The exclusion of pre-emption rights for existing shareholders with regard to Series B Subscription Warrants and Series M shares is in the best interest of the Company and does not infringe upon the rights of its current shareholders.

The Management Board recommends that Series B Subscription Warrants be issued free of charge.

The Management Board recommends that the issue price of Series M shares be equal to the average closing price of Company Shares on the Warsaw Stock Exchange over a period of 90 session days preceding the publication of the draft resolution submitted to the Ordinary General Meeting on 24 May 2016 concerning institution of the Incentive Program, discounted by 5%.

Management Board justification concerning resolution no. 22:

Allocating the Company's net profit towards buyback of Own Shares for redemption is regarded as a favorable means of distributing the available profit, while also streamlining the Company's capital structure.

In the Management Board's opinion, the conditions governing the Buyback Program set forth in this resolution are in the best interest of Company shareholders. The Management Board further believes that carrying out the Buyback Program under the conditions specified above will ultimately strengthen the Company's stock price on the Warsaw Stock Exchange or, alternatively, mitigate stock price decreases in the event of a market downturn.
