2. The Incentive Program will be implemented over the course of 6 (six) fiscal years covering the 2016-2021 period.

§ 2

1. The Incentive Program will be implemented either via issue and assignment of Subscription Warrants incorporating the right to acquire Company shares issued separately as a conditional increase in the Company share capital with exclusion of pre-emption rights for existing shareholders, or by enabling Entitled Parties to acquire Company shares (hereafter referred to as Own Shares) which will have been purchased by the Company by way of a share buyback program instituted for the purpose of enabling Entitled Parties to acquire Company shares. In order to become eligible to claim Subscription Warrants or Own Shares, the Entitled Parties are required to fulfill certain goals and criteria to be determined on the basis of this resolution. As an alternative to acquisition of Company shares issued as a conditional increase in the Company share capital with exclusion of pre-emption rights for existing shareholders through exercise of rights incorporated by Subscription Warrants, the Incentive Program also permits holders of Subscription Warrants to acquire Company Shares which will have previously been purchased by the Company for the purpose of redemption.

III. BUYBACK OF OWN SHARES

§ 4

1. Should the Management Board of the Company elect to implement the Incentive Program by enabling Entitled Parties to claim Own Shares, the Management Board shall apply to the General Meeting for approval of a share buyback program under the conditions set forth in Art. 362 §1 item 2 of the Commercial Company Code.
2. Own Shares purchased in accordance with the terms listed in section 1 (see above) will be offered for resale to Entitled Parties at the per-share price equivalent to:
 - a) the average closing price of Company Shares over a period of 20 session days preceding the adoption of this resolution, assuming the attainment of goals specified in §6 section 2 item ii. Accordingly, the corresponding buyback price offered to Entitled Parties is set at 25.70 PLN

The offer to claim Subscription Warrants or acquire Own Shares will be submitted to Entitled Parties following attainment of eligibility criteria detailed in the Terms and Conditions document, but not later than 14 days following the Ordinary General Meeting of Shareholders convened to approve the consolidated financial statement of the Company for any of the years 2016-2021, depending on when the goals specified in §6 are attained, or, with regard to the Market Goal whose attainment is to be assessed immediately following the last trading day of each year covered by the Incentive Program, not later than 21 days following the aforementioned last trading day.
3. While inviting the Entitled Parties to claim Series B Subscription Warrants, the Management Board (or the Supervisory Board, if the Entitled Parties concerned are

members of the Management Board) is permitted to present the Entitled Parties with an offer to resell said Warrants to the Company for redemption, either in part or in full (this offer is hereafter referred to as the Offer). Should the Management Board elect to do so, the Offer will remain in force for a period of 7 days while the purchase price for Series B Subscription Warrants included in the Offer will be calculated as the difference between the closing price of CD PROJEKT S.A. shares on the Warsaw Stock Exchange on the day preceding the issuance of the Offer and the issue price of Series M shares which the Entitled Party would have been eligible to acquire through exercise of rights incorporated by Subscription Warrants. Any Entitled Party wishing to take advantage of the Offer must submit to the Company, together with a filled-out warrant claim form, an irrevocable statement declaring their acceptance of the Offer as detailed in the Terms and Conditions document.

4. The exercise of rights afforded by Series B Subscription Warrants and acquisition of Series M shares requires that the Entitled Party submit to the Company a statement to the effect that Series M shares will not be sold by the Entitled Party within one year following the submission of the corresponding claim form and acquisition of said shares. This statement must be submitted not later than concurrently with submission of the corresponding Warrant claim form. Its exact wording is to be determined by the Company.
5. The exercise of the right to purchase Own Shares requires that the Entitled Party submit to the Company a statement to the effect that Own Shares will not be sold by the Entitled Party within one year following the remittance of the purchase price of Own Shares to the Company. The exact wording of this statement is to be determined by the Company.

§ 6

1. The Management Board of the Company is hereby authorized to enact, with approval by the Supervisory Board, a set of specific terms and conditions (hereafter referred to as the Terms and Conditions document) detailing implementation of the Incentive Program. All provisions contained in the Terms and Conditions document must conform to this resolution.
2. As a minimum, the Terms and Conditions document must acknowledge the Subscription Warrant assignment criteria specified below. Additionally, the Terms and Conditions document shall specify the breakdown of assignable and redeemable Subscription Warrants or acquirable Own Shares with respect to the goals of the Motivation Program – specifically, not more than 20% of all Subscription Warrants or Own Shares shall be assigned on the basis of attainment of the Market Goal defined in Item (i) below, and not more than 80% of all Subscription Warrants or Own Shares will be assigned on the basis of attainment of the Result Goal defined in Items (ii) and (iii) below. The applicable assignment criteria are conditioned upon meeting the following goals:
 - i. attainment of the Market Goal which stipulates that the price of CD PROJEKT S.A. shares on the Warsaw Stock Exchange must change in such a way that the percentage change in the CD PROJEKT S.A. share price, calculated on the basis of the closing price on the Result Goal assessment date (see below) which is set as the final session day of each year covered by the Incentive Program, and the closing price on 30 December 2015, must outperform the corresponding change in the WIG index by at least 100%. With respect to periods ending on 31 December 2016, 31 December 2017, 31 December 2018, 31 December 2019 and 31 December 2020, assessment of the attainment of the Market Goal will follow confirmation of the attainment of the Result Goal as specified below, or be performed in subsequent years covered by the Incentive Program should the Result

Goal be attained early, along with the corresponding non-attainment of the Market Goal in a given year. Should the Market Goal remain unmet on any of the abovementioned dates, final assessment shall be performed on the last session day of 2021. In this instance, should the Market Goal, defined as the relation between the change in CD PROJEKT S.A. share price throughout the period covered by the Incentive program (i.e. until 31 December 2021) and the corresponding change in the WIG index, be met to within 80-100%, each percentage point reflecting unrealized goals will result in a 2% decrease in the number of Subscription Warrants or Own Shares offered to Entitled Parties, compared with the number of Subscription Warrants or Own Shares which corresponds to full attainment of the Market Goal. Should the Market Goal be met to within less than 80% over the full period covered by the Incentive Program, it shall be deemed unmet.

- ii. attainment of the Result Goal which is defined as a minimum level of consolidated Capital Group net revenues from continuing operations calculated over three separate assessment periods:
 - a) for 2016-2019: not less than 618 427 thousand PLN, assuming that the consolidated net earnings per share from continuing operations over the same period are at least 6.51 PLN, or:
 - b) for 2016-2020: not less than 855 538 thousand PLN, assuming that the consolidated net earnings per share from continuing operations over the same period are at least 9.01 PLN, or:
 - c) for 2016-2021: not less than 1 092 649 thousand PLN, assuming that the consolidated net earnings per share from continuing operations over the same period are at least 11.51 PLN.

Should the Result Goal set for 2016-2019 and 2016-2020 be unmet while the Result Goal for 2016-2021 is met to within 80-100%, each percentage point reflecting unrealized goals will result in a 2% decrease in the number of Subscription Warrants or Own Shares offered to Entitled Parties, compared with the number of Subscription Warrants or Own Shares which corresponds to full attainment of the Result Goal.

- iii. attainment of the Result Goal:
 - a) for the years 2016-2019, as described in section ii a) above, over a shorter period, i.e. in the year 2016, or in the years 2016-2017, or in the years 2016-2018, or:
 - b) for the years 2016-2020, as described in section ii b) above, over a shorter period, i.e. in the years 2016-2019, or:
 - c) for the years 2016-2021, as described in section ii c) above, over a shorter period, i.e. in the years 2016-2020, or:
 - d) based on the consolidated net result of the Capital Group from continuing operations in the years 2016-2021, which must be at least 1 329 761 thousand PLN, assuming that the consolidated net earnings per share from continuing operations over the same period are at least 14.00 PLN.
3. In addition, the Terms and Conditions of the Incentive Program shall include a loyalty criterion which is defined as employment or appointment by the Company or other members of its Capital Group, or the existence of any other legal contract regulating the

delivery of goods or rendition of services in exchange for direct remuneration or other monetary benefits from the Company or other members of its Capital Group between the day of inclusion on the List of Entitled Parties and the day of confirmation of attainment of either the Result Goal or the Market Goal. Fulfillment of this loyalty criterion constitutes an additional requirement, in addition to the requirements specified in section 2 above, in order for the Entitled Party to become eligible for acquisition of Subscription Warrants or Own Shares.

4. The Management Board and Supervisory Board of the Company are hereby empowered to undertake any other actions required to effect implementation of this resolution

§ 7
