Subject: Disclosure of estimated sales of Cyberpunk 2077

Legal basis: Art. 17 item 1 of the Market Abuse Regulation – inside information

The Management Board of CD PROJEKT S.A. with a registered office in Warsaw (hereinafter referred to as “the Company”) hereby announces that, based on reports obtained from digital distribution platforms and data collected from physical distributors, it estimates that by 20 December inclusive gamers have purchased over 13 million copies of Cyberpunk 2077. This figure is in line with projections regarding the volume of retail sales across all hardware platforms (factoring in returns submitted by retail clients in brick-and-mortar as well as digital storefronts), i.e. the “sell-through” figure, less all refund requests e-mailed directly to the Company by the publication date of this report in the framework of the “Help Me Refund” campaign.

The Management Board has decided to disclose the above information in the form of a current report due to its potential impact on investment-related decisions.
