§ 2 SCOPE OF REGULATION

1. These Terms and Conditions define specific rules and conditions governing the implementation of Incentive Program B, which aims to reinforce the link between the Participants and the Company as well as other companies belonging to its group, to incentivize Participants to implement the Company's strategy, act in the interest of the Company (or other companies belonging to its group, as appropriate) and its shareholders, and maximize its financial performance as well as other non-financial performance indicators, as appropriate. The aim of Incentive Program B is also to improve the international competitiveness of employment conditions offered by the Company (or other member companies belonging to its group, as appropriate) compared to main competitors of the Company, thus making it easier for the Company to attract new employees.
2. These Terms and Conditions should be interpreted in conjunction with the provisions of the Resolution and the Warrant Issue Resolution without prejudice thereto.
3. In case of any ambiguities, it is assumed that the provisions of the Resolution and the Warrant Issue Resolution take precedence over these Terms and Conditions.

§ 3

DETERMINATION OF THE LIST OF ENTITLED PARTIES AND ASSIGNMENT OF ENTITLEMENTS

1. Determination of the list of Entitled Parties for enrollment during each Stage and assignment of Entitlements in the framework of Incentive Program B shall be carried out in 5 (five) distinct stages, in the financial years 2023-2027 (with each stage separately referred to as “**Stage**”).
2. At the end of each Stage the average number of Entitlements assigned per Stage may not exceed 820 000 (eight hundred and twenty thousand). The total number of Entitlements exercised throughout the entire Incentive Program B may not exceed 4 100 000 (four million one hundred thousand), pursuant that the total number of Entitlements granted to Participants in Incentive Program B and the entitlements granted to participants in Incentive Program A may not exceed 5 000 000 (in words: five million).
3. The total number of Entitlements assigned to members of the Management Board may not exceed 1 750 000 (one million seven hundred and fifty thousand).
4. The first Stage, corresponding to the financial year 2023, will last until 30 June 2023. In subsequent financial years covered by Incentive Program B the corresponding Stages will last between 1 January and 31 March of the given financial year.
5. During each Stage the Management Board (and with regard to members of the Management Board – the Supervisory Board) is authorized to adopt resolutions identifying Entitled Parties who have the right to enter into a Participation Agreement and receive Entitlements on the basis thereof (these are referred to as “**Enrollment Resolutions**”). The Management Board and the Supervisory Board may adopt more than one Enrollment Resolution at a given Stage, including with regard to Entitled Parties who are already covered by existing Enrollment Resolutions. Each Enrollment Resolution shall specify the number of Entitlements which the given Entitled Party may be assigned on the basis of the corresponding Participation Agreement, along with the corresponding Entitlement Exercise Price, as well as Individual Conditions applicable to specific Entitled Parties, if the given body sees fit to impose such conditions.
6. Immediately after adopting an Enrollment Resolution, the Company shall notify the given Entitled Party that they are covered by the Enrollment Resolution and may enter into a participation agreement in the framework of Incentive Program B, confirming the willingness of the Entitled Party to participate in Incentive Program B. The Company shall further specify the means of signing the Participation Agreement, including the period or date on which the Entitled Party may sign the agreement. This notification may be issued by e- mail. The conclusion of a Participation Agreement is a prerequisite for enrollment of the given Entitled Party in Incentive Program B. Should an Entitled Party fail to sign the Participation Agreement within the specified timeframe, no Entitlements shall be assigned to that Entitled Party.
7. At the moment of entering into the Participation Agreement:
 - a) the Entitled Party becomes a Participant,
 - b) Entitlements are assigned to the Participant.
8. Based on valid Participation Agreements, the Company creates and maintains an up-to-date List of Participants. The List includes a comprehensive registry of Participants, specifying the date on which the given Participant was assigned Entitlements, the number of Entitlements assigned thereto, conditions governing exercise of Entitlements by the given Participant, as well as – where applicable – the expiration date of Entitlements or of the Participant’s status as such. The List of Participants may be maintained in electronic form.
9. No Entitlements may be assigned to Members of the Supervisory Board. If a person enters into a Participation Agreement while they are not a Member of the Supervisory Board, and is subsequently appointed to the Supervisory Board during the applicable Vesting Period, that person retains the right to exercise their previously assigned Entitlements in accordance with these Terms and Conditions, and their membership of the Supervisory Board during the Vesting Period will count towards fulfillment of the Loyalty Condition.

§ 4

The Entitlements assigned to a given Participant shall also expire in case the Management Board (or, with regard to Participants who are also members of the Management Board – the Supervisory Board) declares, in the form of a resolution, the existence of one of the circumstances listed below, with the added proviso that any such resolution must declare the expiration of Entitlements, the date on which Entitlements expire, and the reason for their expiration:

4. In lieu of a securities account, the Participant may also identify an omnibus account, pursuant to Art. 8a of the Trading Act.

§6 WARRANTS

1. Warrants shall be issued free of charge, in dematerialized form, as named securities, and deposited in securities accounts or omnibus accounts. 2. Warrants incorporate the right to take up Shares at the Entitlement Exercise Price, with potential application of the Price Reduction mechanism.
3. Warrants entitle holders to take up Shares with exclusion of pre-emption rights for existing shareholders. Each Warrant shall incorporate the right to take up 1 (one) Share. Shares may be taken up only after their full purchase price is remitted.

4. Should the General Meeting fail to authorize buyback of Own Shares, exercise of Entitlements should instead be facilitated by extending an offer to Participants to claim Warrants.

§ 8 VERIFICATION OF CONDITIONS

1. The Management Board (and with regard to members of the Management Board – the Supervisory Board) will, by adopting a suitable resolution (“**Verification Resolution**”), perform verification of the fulfillment of the Loyalty Condition, the Earnings Condition and Individual Conditions (if any such conditions have been declared, and if the exercise of Entitlements specified in § 5 section 1 item a is dependent on fulfilling such conditions) following the first 3 (three) financial years which are considered in the verification of the fulfillment of the Earnings Condition. This verification will be performed within 14 (fourteen) days after the holding of the Ordinary General Meeting of the Company convened to approve the Company’s consolidated financial statement for the 3rd (third) financial year corresponding to the Earnings Condition under verification.
2. The Management Board (and with regard to members of the Management Board – the Supervisory Board) will, by adopting a Verification Resolution, perform verification of the fulfillment of the applicable Conditions (with the exception of declaring fulfillment of the Earnings Condition and Individual Conditions, if the relevant declaration is already expressed in the corresponding Verification Resolution adopted in accordance with section 1 above). This verification will be performed within 14 (fourteen) days after the holding of the Ordinary General Meeting of the Company convened to approve the Company’s consolidated financial statement for the 4th (fourth) financial year corresponding to the Earnings Condition under verification.

§ 9 EXERCISE OF THE RIGHT TO CLAIM WARRANTS OR PURCHASE OWN SHARES

1. Entitlements identified in § 5 section 1 item a, assigned during the given Stage, will be subject to Exercise of Entitlements if the corresponding Verification Resolution declares simultaneous fulfillment

2. Entitlements identified in § 5 section 1 item b, assigned during the given Stage, will be subject to Exercise of Entitlements if the corresponding Verification Resolution declares simultaneous fulfillment by the given Participant of (i) the Loyalty Condition and (ii) the Market Condition. If the Price Reduction mechanism is applied, the number of Entitlements subject to Exercise of Entitlements will be reduced accordingly.
3. If an Individual Condition has been defined with regard to some of all Entitlements assigned to the given Participant, exercise of such Entitlements will additionally require that the corresponding Verification Resolution declare fulfillment of the applicable Individual Condition. If the Individual Condition applies only to a portion of Entitlements, its non-fulfillment will not affect the Participant's ability to exercise the remaining Entitlements.
4. Having confirmed fulfillment of the applicable Conditions by the given Participant in the Verification Resolution, the Management Board (and with regard to members of the Management Board – the Supervisory Board) may (in writing or in document form, including as an e-mail message) discretionarily present the Participant with an offer, applicable to specific Entitlements, to exercise such Entitlements (this is referred to as "**Exercise of Entitlements**"):
 - (a) by claiming the appropriate number of Warrants which incorporate the right to take up an equivalent number of Company shares in the exercise thereof, or
 - (b) by purchasing the appropriate number of Own Shares from the Company.
5. Exercise of Entitlements is facilitated by the Company by presenting the Participant (pursuant to the appropriate governing body's decision regarding the means of exercising Entitlements), within 30 (thirty) days of the adoption of a Verification Resolution which declares fulfillment of the applicable Conditions by the Participant, with:
 - (a) an offer to claim Warrants, to which the Company shall annex a Warrant subscription form and a declaration template concerning take-up of Shares in the exercise of Warrants, materially consistent with Annexes 2 and 3 to these Terms and Conditions respectively, or
 - (b) an offer to purchase Own Shares, to which the Company shall annex a declaration template concerning acceptance of the offer, materially consistent with Annexes 4 and 5 to these Terms and Conditions respectively.
6. The offers specified in section 2 above shall remain in force for a period of 21 (twenty one) days following their issuance.
7. The Participant may accept the Warrant claim offer or the Own Share purchase offer, as appropriate, by filling out, signing and delivering the corresponding form to the Company or an investment broker acting on behalf of the Company.
8. Within 45 (forty-five) days of the expiration of the Warrant claim offer the Company shall apply for Warrants to be registered in the repository of securities maintained by the Central Securities Repository of Poland.
9. Without delay, but in any case not later than 45 (forty-five) days of (i) having received a properly filled out and signed form which confirms acceptance of the offer to purchase Own Shares, and (ii) having received payment for Own Shares, unless different conditions governing payment for Own Shares are agreed upon by the Parties, the Company shall place an order for Own Shares to be transferred to the securities account or omnibus account indicated by the Participant.
10. The Company will perform all factual and legal actions within its control, in accordance with the Terms and Conditions, to facilitate deposition of Shares or Own Shares, as appropriate, in the Participant's securities account or omnibus account no later than on 15 March of the year following the year during which the given Vesting Period concludes.
11. Shares shall be eligible to participate in profit sharing for the given financial year under the following conditions:

 - (b) If Shares are initially deposited in a securities account or summary account after the dividend

date specified according to Art. 348 § 2 of the Commercial Companies Code and before the end of the corresponding financial year, these shares shall be eligible for participation in profit sharing starting on the first day of the financial year during which they were deposited in the securities account or omnibus account.

§ 10 PRICE REDUCTION MECHANISM

1. Having adopted a Verification Resolution confirming fulfillment of Conditions governing exercise of Entitlements, the Management Board (and with regard to members of the Management Board – the Supervisory Board) may discretionarily present Participants with a discount on the Entitlement Exercise Price, bringing it in line with the corresponding nominal value of shares while simultaneously reducing the number of exercisable Entitlements (this is referred to as **“Price Reduction”**).
2. The Management Board (and with regard to members of the Management Board – the Supervisory Board) will, within 7 days of having adopted a Verification Resolution confirming fulfillment of the applicable Conditions, notify the Participant of the option to apply the Price Reduction mechanism with regard to Entitlements which are subject to Exercise of Entitlements, indicating the number of Entitlements which the given Participant will be able to exercise following application of the Price Reduction mechanism, as well as the number of Entitlements which are exercisable if the Price Reduction mechanism is not applied, along with the corresponding Entitlement Exercise Price in each of these scenarios. The Participant will also be provided with a reply form which they can use to declare whether they are willing to make use of the Price Reduction mechanism. A participant to whom the appropriate governing body of the Company extended an offer to apply the Price Reduction mechanism will, within 3 (three) days of receipt of the aforementioned notification, submit a filled-out form declaring whether they accept the offer to apply this mechanism. Should the Participant fail to submit this form in the specified timeframe, they will be unable to make use of the Price Reduction mechanism.
3. Price Reduction is implemented by reducing the number of Entitlements exercisable by the given Participant in accordance with the following formula, with fractional results rounded down to the nearest whole number:

$$NU = U \times (MP - P) / (MP - NV)$$

where:

NU – number of Entitlements assigned during the given Stage exercisable by the given Participant following application of the Price Reduction mechanism,

U – number of Entitlements exercisable by the given Participant during the given Stage before application of the Price Reduction mechanism,

MP – market price of Company shares, equivalent to the closing price at the Warsaw Stock Exchange on the most recent trading day preceding the date of adoption of a resolution under which Price Reduction is offered to the given Participant for the given Stage by the appropriate governing body of the Company (**“Market Price of Shares”**),

P – Entitlement Exercise Price,

NV – nominal value of Shares.

4. No Price Reduction shall be offered if the Market Price of Shares is lower than or equal to the Entitlement Exercise Price.

§ 11 EXERCISE OF WARRANTS

1. The right to take up Shares incorporated by Warrants arises on the day the Warrants are deposited in the securities account or omnibus account indicated by the Participant.
2. Warrants may be exercised within 30 (thirty) days of their initial deposition in the securities account or omnibus account indicated by the Participant.
3. The rights incorporated with Warrants with respect to which the Company has not received a properly filled out and signed Share take-up form within the deadline specified in section 2, shall expire on that deadline.

4. A Warrant holder who, within the Warrant exercise period, decides to take up Shares, will submit to the Company a filled-out Share take-up form, specifying the number of Warrants being exercised. The deadline specified in section 2 above is considered met if, prior to its expiration, the Company receives a properly filled out and signed Share take-up form.
5. The Warrant holder shall bear all consequences of non-submission to the Company of a correspondence address, submission of an incorrect correspondence address, or submission of any other erroneous data.
6. Together with submission of a Share take-up form, the Warrant holder is obligated to remit the purchase price of any Shares taken up, which is calculated as the product of the number of Shares taken up and the issue price of each Share. This payment should be made to the account indicated in the Share take-up form.
7. Once the Company receives a properly filled out Share take-up form, as specified in section 4 above, from the Warrant holder, and once the issue price of Shares is remitted to the Company, the Management Board shall, without delay, taking into account the provisions of § 9 section 10 above, undertake the necessary actions to assign and deposit Shares in the securities account or omnibus account indicated by the Warrant holder.
8. The Company will apply for Shares to be admitted and introduced to trading on the regulated market of the Warsaw Stock Exchange as long as the applicable criteria and conditions for introducing Company shares to trading, arising under the relevant legal acts and Warsaw Stock Exchange by-laws, are met.
9. Admission and introduction of shares to trading on the regulated market of the Warsaw Stock Exchange should, as a rule, take place without the need to prepare and publish a prospectus, pursuant to the exemptions from this duty specified in Art. 1 section 4 items b) and i) of the Prospectus Regulation, as long as these requirements specified therein can be fulfilled in accordance with the law applicable on the date of admission of Company shares to trading on the regulated market.
10. Should the implementation of Incentive Program B require the preparation of a prospectus, as specified in the Prospectus Regulation, or of an information memorandum, as specified in the Offerings Act, the Company shall publish the required prospectus or information memorandum, as appropriate, within the timeframe and under conditions specified in the applicable legal regulations. In such circumstances the Participants will be notified of the details of the public offering facilitating implementation of Incentive Program B.
11. With regard to Participants who are tax residents of countries other than the Republic of Poland and for whom the place of taxation for events resulting from implementation of Incentive Program B is the country of which they are tax residents, when tax, insurance or similar liabilities have arisen, or may arise in the future, with regard to the Company or an affiliate thereof as a result of assignment of Entitlements to the Participant, take-up of Shares in the exercise of Warrants, or purchase of Own Shares by the Participant, in any country other than the Republic of Poland (**"Foreign Public-Law Liabilities"**), the Management Board may unilaterally decide to reduce the number of Entitlements exercisable by the given Participant (**"Reduction for Public-Law Liabilities"**). The number of Entitlements to which this reduction applies will be calculated in such a way as to ensure that the surplus market value of shares which the Participant might acquire by exercising Warrants or otherwise exercising such Entitlements over the corresponding take-up or purchase price of shares acquired in the exercise thereof corresponds to the value of Foreign Public-Law Liabilities at the time of calculation of Foreign Public-Law Liabilities by the Company or as of the date of selection, by the appropriate governing body of the Company, of the means of exercising Entitlements assigned to the given Participant. This surplus shall be allocated by the Company or an affiliate thereof solely towards discharge of the aforementioned public law liabilities. In each case the calculation and settlement of Foreign Public-Law Liabilities will acknowledge the individual circumstances applicable to the given Participant.

§ 12

CONCLUSION AND SUSPENSION OF INCENTIVE PROGRAM B

1. Incentive Program B will automatically conclude on the deadline (determined in accordance with these Terms and Conditions) for exercise of Entitlements assigned for its final Stage.
2. The General Meeting may adopt a resolution concerning cancellation of Incentive Program B. Moreover, the Management Board is authorized to undertake a decision to withhold implementation of Incentive Program B, terminate Incentive Program B ahead of schedule, or declare expiration of Entitlements in case of substantial changes in legislation governing implementation of Incentive

Program B, or other substantial changes affecting the Company which may have an impact on the implementation of Incentive Program B, such as significant changes in the Company's organizational framework, structure, ownership or economic environment.
