CD PROJEKT has announced new sales milestones for its releases. *Phantom Liberty*, the large-scale expansion for *Cyberpunk 2077* released in September 2023, has sold over 10 million copies.

- This result fills us with great satisfaction – especially given that a new addition is about to join our Cyberpunk portfolio – on 5 June the game's Ultimate Edition will be coming to the new Nintendo Switch 2 console. Positive reactions from gamers and media representatives who have had the opportunity to play the game at a series of global Nintendo events fill us with optimism. It's worth noting that for the first time ever one of our games will become a launch title for a brand new platform – says Michał Nowakowski, Joint CEO of CD PROJEKT.

Several weeks ago the CD PROJEKT RED team responsible for the next big game set in the Cyberpunk universe completed the project's conceptual phase. As a result, Cyberpunk 2 – previously known under the codename Project Orion – has progressed to preproduction.

In the first quarter of 2025 the consolidated sales revenues of the CD PROJEKT Group reached 226 million PLN, with 86 million PLN in net profit.

– First-quarter earnings were supported by strong sales of Cyberpunk 2077 together with its Phantom Liberty expansion. Despite investing 100 million PLN in future products, we have obtained positive net cash flows – remarks Piotr Nielubowicz, CFO of CD PROJEKT – Our cash position allows us to once again share profits with our shareholders. As recommended by the Management Board, we have applied to the General Meeting to allocate nearly 100 million PLN towards a dividend.

On 19 May CD PROJEKT RED celebrated the 10th anniversary of the release of *The Witcher 3: Wild Hunt*.

- Without a doubt, the third part of Geralt's adventures marks a pivotal point in our history. The game earned hundreds of awards and solidified our studio's standing, but more importantly, it brought untold hours of adventures and emotions to millions of gamers the world over. I am proud to announce that since its release The Witcher 3 has sold over 60 million copies, securing a place among the bestselling video games in all history, and motivating us to carry on with intensive work on the next trilogy set in this universe – summarizes Adam Badowski, Joint CEO of CD PROJEKT.

To mark the tenth anniversary of the release, CD PROJEKT has announced a global concert tour titled [The Witcher in Concert](#): a series of live events which combine *The Witcher 3* gameplay visuals with a unique live orchestra performance.
